FINANCIAL SECTION

Independent Auditors' Report

To the Members of the Board
North Penn Water Authority
Lansdale, Pennsylvania

We have audited the accompanying financial statements of the North Penn Water Authority, which comprise the statements of net position as of December 31, 2018 and 2017, and the related statements of revenues, expenses and changes in net position and cash flows for the years then ended and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

North Penn Water Authority's management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the North Penn Water Authority as of December 31, 2018 and 2017, and the changes in its financial position and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America (GAAP).

To the Members of the Board
North Penn Water Authority
Lansdale, Pennsylvania

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that management's discussion and analysis on pages 4 through 14 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with evidence sufficient to express an opinion or provide any assurance.

Other Information

Our audits were conducted for the purpose of forming an opinion on the financial statements that collectively comprise the North Penn Water Authority's basic financial statements. The supplementary information as listed in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audits of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements as a whole.

NORTH PENN WATER AUTHORITY

MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited)

YEARS ENDED DECEMBER 31, 2018 AND 2017

As management of the North Penn Water Authority, we are offering readers of the Authority's financial statements this narrative overview and analysis of the Authority's financial performance during the fiscal year ended December 31, 2018. Please read it in conjunction with the Authority's financial statements, which follow this section.

2018 FINANCIAL HIGHLIGHTS

- During the year, the Authority's net position increased by \$4,433,969 or 3%.
- During the year, the Authority's operating revenues were \$19,340,761, an increase from \$18,539,765 in 2017 or 4.3%, while operating expenses decreased to \$9,800,422, down from \$10,573,071 in 2017 or 7.3%.
- Capital Contributions to the Authority decreased by \$592,144 to \$2,189,048, down from \$2,781,192 in 2017 or 21.3%.
- During the year, long-term debt decreased by \$4,515,000.

OVERVIEW OF THE FINANCIAL STATEMENTS

This annual financial report consists of two parts: Management's Discussion and Analysis (this section) and the basic Financial Statements. The Financial Statements also include notes that provide additional information that is essential to the full understanding of the data provided in the statements.

REQUIRED FINANCIAL STATEMENTS

The Financial Statements of the Authority report information about the Authority using accounting methods similar to those used by private sector companies. These statements offer the short- and long-term financial information about its activities. The Statement of Net Position includes all of the Authority's assets and liabilities and provides information about the nature and amounts of investments in resources (assets) and the obligations to the Authority's creditors (liabilities). It also provides the basis for computing rate of return, evaluating the capital structure of the Authority and assessing the liquidity and financial flexibility of the Authority. All of the current year's revenues and expenses are accounted for in the Statement of Revenues, Expenses and Changes in Net Position. This statement measures the success of the Authority's operations over the past year and can be used to determine whether the Authority has successfully recovered all its costs through its user fees and other charges, along with the profitability and creditworthiness. The final required financial statement is the Statement of Cash Flows. The primary purpose of this statement is to provide information about the Authority's cash receipts and cash payments during the reporting period. The statement reports cash receipts, cash payments and net changes in cash resulting from operations, investing and financing activities and provides answers to such questions as where did cash come from, what was cash used for and what was the change in cash balance during the reporting year.

NORTH PENN WATER AUTHORITY
MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited)
YEARS ENDED DECEMBER 31, 2018 AND 2017

FINANCIAL ANALYSIS OF THE AUTHORITY

One of the most important questions asked about the Authority's finances is, "Is North Penn Water Authority as a whole better off or not as a result of this year's activities?" The Statement of Net Position and the Statement of Revenues, Expenses and Changes in Net Position report information about the Authority in a way that will help answer this question. These two statements report the net position of the Authority and changes in this net position. One can think of the Authority's net position (the difference between assets and liabilities) as one way to measure financial health or financial position. Over time, increases and decreases in the Authority's net position are one indicator of whether its financial health is improving or deteriorating. However, one will need to consider other nonfinancial factors such as changes in economic conditions, population growth and new or changing governmental legislation.

Net Position

The following table summarizes the changes in net position between December 31, 2018 and 2017:

Condensed Statements of Net Position

	December 31,		Variance	
	2018	2017	Dollar	%

NORTH PENN WATER AUTHORITY
MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited)
YEARS ENDED DECEMBER 31, 2018 AND 2017

- Total assets increased by \$563,319 in 2018 due primarily to the payment of tapping fee and additions in utility plant.
- Total liabilities decreased \$3,137,686 due primarily to the repayment of long-term debt.
- The net effect of these changes resulted in a \$4.4 million increase in total net position.

Statements of Revenues, Expenses and Changes in Net Position

While the Statements of Net Position show the change in financial position on net assets, the Statements of Revenues, Expenses and Changes in Net Position provide answers as to the nature and source of these changes.

YEARS ENDED DECEMBER 31, 2018 AND 2017

Long-Term Debt

At the end of 2018, the North Penn Water Authority had total debt outstanding of \$69,725,000. The Authority's total debt decreased by \$4,515,000. All outstanding bonds carry an Aa3 rating from Moody's Investors Service. The Authority's long-term debt consists of the following Water Revenue Bonds:

	<u>Issue Amount</u>	<u>Debt Outstanding December 31, 2018</u>
2012 Bonds	\$ 32,655,000	\$ 25,495,000
2014 Bonds	39,120,000	28,155,000
2015 Bonds	<u>18,050,000</u>	<u>16,075,000</u>
TOTAL	<u>\$ 89,825,000</u>	<u>\$ 69,725,000</u>

As management of the North Penn Water Authority, we are offering readers of the Authority's financial statements this narrative overview and analysis of the Authority's financial performance during the fiscal years ended December 31, 2017 and 2016. Please read it in conjunction with the Authority's financial statements, which follow this section.

2017 FINANCIAL HIGHLIGHTS

- During the year, the Authority's net position increased by \$2,897,327 or 2%.
- During the year, the Authority's operating revenues were \$18,539,765, a decrease from \$20,347,956 in 2016 or 8.9%, while operating expenses increased to \$10,573,071, up from \$9,436,454 in 2016 or 12%.
- Capital Contributions to the Authority decreased by \$13,216,496 to \$2,781,192, down from \$15,997,688 in 2016 or 82.6%.
- During the year, long-term debt decreased by \$4,345,000.

NORTH PENN WATER AUTHORITY
MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited)
YEARS ENDED DECEMBER 31, 2018 AND 2017

- Total assets decreased by \$2,641,903 in 2017 due primarily to the decrease in cash in the operations and maintenance account and the sale of the East Rockhill system.
- Total liabilities decreased \$4,692,921 due primarily to the repayment of long-term debt.
- The net effect of these changes resulted in a \$2.9 million increase in total net position.

Capital Contributions

North Penn Water Authority has complied with GASB Statement No. 33, which requires that Contributions in Aid of Construction be shown as revenue. This is classified as Nonoperating Income. Contributions in Aid of Construction involve both assets contributions (water mains and other facilities) and cash contributions (tapping fees and assessments). Together, these contributions totaled \$2,781,192 in 2017, which is a decrease of \$13,216,496 from 2016.

	Year Ended December 31,		Variance	
	2017	2016	Dollar	%

NORTH PENN WATER AUTHORITY
NOTES TO THE BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017

NOTE A - THE AUTHORITY

North Penn Water Authority (the "Authority") was incorporated on August 10, 1964, under the Municipality Authorities Act of 1945. The Authority provides water service to approximately 30,000 customers in ten municipalities in Montgomery and Bucks Counties in Pennsylvania. The Authority is governed by a Board of Directors consisting of one representative from each of the ten member municipalities. Board members are appointed for a term of five years with the exception of the newest member, whose term may be for less than five years to ensure that subsequent reappointments are equally distributed among the ten existing members. Two members of the Board are appointed, or their memberships renewed, in each year.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates

The preparation of financial statements maintained on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

Rate-Regulated Entity

In accordance with current accounting standards, which require a rate-regulated entity to reflect the effects of regulatory decisions in its financial statements, the Authority has deferred certain credits, which it expects to pass on to its customers through the adjustment of water rates.

Trust Indenture

Trust Indenture stipulated accounts (accounts relating to restricted monetary assets and the liabilities pertinent thereto) are maintained as restricted funds in accordance with the provisions of the Trust Indenture dated as of December 1, 1992, as amended.

Tax Status

The Authority currently qualifies and intends to continue to qualify as a tax-exempt organization under applicable sections of the Internal Revenue Code. Accordingly, no provisions for federal or state income taxes are required.

NORTH PENN WATER AUTHORITY
NOTES TO THE BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Utility Plant

Utility plant, consisting of property, plant and equipment, and investments in Forest Park Water are recorded at cost, and depreciation is calculated on the straight-line basis over the estimated useful lives of the assets. Authority organization expenses (feasibility studies, planning studies, valuation of systems to be acquired, etc.) are considered to be a component of property, plant and equipment and are also being amortized on the straight-line basis.

Investments

Investments of the Authority are generally represented by certificates of deposit, U.S. Government securities (including U.S. Government agencies) and commercial paper. The Authority's investments are carried at fair value or at cost, which approximates fair value. For purposes of reporting cash flows, all highly liquid short-term investments with original maturities of three months or less are considered cash equivalents.

In accordance with GASB Statements No. 72 *Fair Value Measurement and Application* and No. 79 *Certain External Investment Pools and Pool Participants*, investments in marketable securities with readily determinable fair value and all investments in debt securities are reported at their fair values. Investments in qualifying external investment pools are reported at amortized cost basis.

Inventory

Inventories consist primarily of materials and supplies and are stated at the lower of cost or market, with cost being determined on the average cost basis.

Bond Discounts and Premiums

Bond discounts and premiums are amortized on the straight-line basis over the life of the bond issue.

Accounts Receivable

Accounts receivable are stated at their gross value. Based on historical experience, no allowance for doubtful accounts has been deemed necessary.

Revenue Recognition

Revenues are recognized when services are rendered and include estimates for amounts unbilled at the end of the year for water consumed subsequent to the last billing cycle.

Operating Revenues and Expenses

The Authority's operating accounts are maintained on the accrual basis of accounting.

NORTH PENN WATER AUTHORITY
NOTES TO THE BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Deferred Outflows/Inflows of Resources

In addition to assets, the statements of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will *not* be recognized as an outflow of resources (expense/expenditure) until then. The Authority only has one item that qualifies for reporting in this category. It is the deferred charge on refunding reported in the statements of net position. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

In addition to liabilities, the statements of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will *not* be recognized as an inflow of resources (revenue) until that time.

The Authority has two types of items, which arise only under a modified accrual basis of accounting, that qualify for reporting in this category. They are the accumulated increase in fair value of hedging derivative and the deferred pension credit.

These amounts are deferred and recognized as an inflow of resources in the period the amounts become available.

Net Position Flow Assumption

Sometimes the Authority will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted net position and unrestricted net position, a flow assumption must be made about the order in which the resources are considered to be applied. It is the Authority's policy to consider restricted net position to have been depleted before unrestricted net position is applied.

NOTE C - BASIS OF PRESENTATION

The focus measurement is upon determination of net income and cash flows. The generally accepted accounting principles applicable are those similar to businesses in the private sector.

The Authority establishes water rates, collects water revenues, operates the water system, employs personnel to operate the water system and sends water bills and handles fiscal management for the water system.

NORTH PENN WATER AUTHORITY
NOTES TO THE BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017

NOTE D - PROPERTY, PLANT AND EQUIPMENT

The major components of property, plant and equipment of the Authority are as follows:

			\$ <u>130,600,782</u>

NORTH PENN WATER AUTHORITY
NOTES TO THE BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017

NOTE E - DEPOSITS AND INVESTMENTS (Continued)

Investments

The Authority had the following investments and maturities:

Investment Type	2018			
	Fair Value	Amortized Cost	Investment Maturities	
			Less Than 1 Year	1 to 5 Years
State investment pools	\$ <u> -</u>	\$ <u> 707,660</u>	\$ <u> 707,660</u>	\$ <u> -</u>

Investment Type	2017			
	Fair Value	Amortized Cost	Investment Maturities	
			Less Than 1 Year	1 to 5 Years
State investment pools	\$ <u> -</u>	\$ <u> 695,735</u>	\$ <u> 695,735</u>	\$ <u> -</u>

A portion of the Authority's investments is in the PLGIT program, of which are funds similar to mutual funds. GASB Statement No. 3, Paragraph 69, provides that certain types of cash and investments, such as cash investments in a State Treasurer's investment pool or mutual fund, cannot be assigned a credit risk category because the government does not own specific securities. Therefore, the PLGIT cash investments included in these statements will not be assigned a credit risk category. The carrying amount of these investments at December 31, 2018 and 2017 is \$707,660 and \$695,735, respectively. These assets maintain a stable net asset value of \$1 per share.

All investments are monitored weekly by Standard & Poor's and are subject to an independent audit on an annual basis.

Investments held with qualifying external state investment pools are valued at amortized cost in accordance with GASB Statement No. 79.

Fair Value Measurement

The Authority categorizes its fair value measurements within the fair value hierarchy established by generally accepted principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are those that lack significant observable inputs. The Authority did not have any recurring fair value measurements as of December 31, 2018 and December 31, 2017.

NORTH PENN WATER AUTHORITY
NOTES TO THE BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017

NOTE E - DEPOSITS AND INVESTMENTS (Continued)

Interest Rate Risk - The Authority meets with its advisors on a regular basis as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk - The Municipal Authorities Act allows the Authority to invest in the following instruments:

1. United States Treasury bills.
2. Short-term obligations of the United States Government or its agencies or instrumentalities.
3. Deposits in savings accounts or time deposits or share accounts of institutions insured by federal deposit insurance to the extent that such accounts are so insured, and for any amounts above the insured maximum, provided that approved collateral as provided by law therefore shall be pledged by the depository.
4. Obligations of the United States of America or any of its agencies or instrumentalities backed by the full faith and credit of the United States of America, the Commonwealth of Pennsylvania or any of its agencies or instrumentalities backed by the full faith and credit of the Commonwealth of Pennsylvania, or of any political subdivision of the Commonwealth of Pennsylvania or any of its agencies or instrumentalities backed by the full faith and credit of the political subdivision.

The Authority's investment policy limits its investment choices to credit ratings of A- and above. As of December 31, 2018 and 2017, the Authority's investments were rated as:

<u>Investment</u>	<u>Standard & Poor's</u>
PLGIT	AAAm

Concentration of Credit Risk - In 2018 and 2017, all of the Authority's investments were in state investment pools.

NORTH PENN WATER AUTHORITY
NOTES TO THE BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017

NOTE F - NONEXCHANGE TRANSACTIONS

The Authority receives contributions to fund construction necessary to extend service to new areas and improve service to existing areas. Contributions received during the years ended December 31, 2018 and 2017, are recorded as nonoperating income in the statements of revenues, expenses and changes in net position.

The changes in contributions in aid of construction of the Authority are as follows:

	Main Extensions	Assessments	Distribution and Capacity Charges	Totals
BALANCE, DECEMBER 31, 2016	\$ 93,022,827	\$ 758,472	\$ 11,498,113	\$ 105,279,412
Additions	2,610,518	-	170,674	2,781,192
BALANCE, DECEMBER 31, 2017	<u>95,633,345</u>	<u>758,472</u>	<u>11,668,787</u>	<u>108,060,604</u>
Additions	<u>1,907,973</u>	<u>-</u>	<u>281,075</u>	<u>2,189,048</u>
BALANCE, DECEMBER 31, 2018	<u><u>\$ 97,541,318</u></u>	<u><u>\$ 758,472</u></u>	<u><u>\$ 11,949,862</u></u>	<u><u>\$ 110,249,652</u></u>

NOTE G - EMPLOYEE BENEFIT PLANS

Through June 1995, the Authority provided pension benefits for all of its employees through a defined benefit pension plan (the "Retirement Plan") and a 401(k) benefit plan. Effective June 1995, the Authority terminated the Retirement Plan and replaced it with a defined contribution pension plan (the "Contribution Plan"). The trustee of the Contribution Plan and 401(k) benefit plan is Securian Retirement Services. See Note H for further discussion of the termination of the Retirement Plan.

Following are descriptions of the Authority's employee benefit plans which were in effect during 2018 and 2017:

Defined Contribution Pension Plan

The Authority sponsors a Contribution Plan for substantially all its full-time employees. Employees are eligible to participate after three full months of employment. The Contribution Plan provides for contributions by the Authority of 7% of eligible employee salaries. Authority contributions are fully vested after five years of service.

As discussed in Note H, the Authority intends to partially fund its annual contributions to this plan until the year 2025 by using the assets available from its prior overfunding of the Retirement Plan.

NORTH PENN WATER AUTHORITY
NOTES TO THE BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017

NOTE G - EMPLOYEE BENEFIT PLANS (Continued)

Authority contributions for 2018 salaries were \$226,541, of which \$143,044 was contributed in connection with the termination of the Retirement Plan. The Authority contributed \$228,280 to this plan for 2017 salaries, of which \$144,142 was contributed in connection with the termination of the Retirement Plan.

401(k) Benefit Plan

The Authority also has a 401(k) benefit plan which is available to all full-time employees with one or more years of service. The Authority matches 50% of employee contributions up to 6% of employee salaries contributed to the 401(k) benefit plan. The Authority's contribution to the 401(k) benefit plan for 2018 and 2017 was \$87,534 and \$76,455, respectively.

NOTE H - DEFERRED PENSION CREDIT

Retirement Plan

Through June 1995, the Authority participated in a Public Employee Retirement System (PERS) through the North Penn Water Authority Retirement Income Plan. The PERS was a single-employer defined benefit pension plan covering substantially all of the Authority's full-time employees. The Authority's funding policy provided for actuarially determined periodic contributions to the Retirement Plan so that sufficient assets would be available to pay benefits when due. The contribution rate for normal cost was determined using the entry age normal actuarial funding method.

Effective June 1995, the Authority terminated the Retirement Plan and replaced it with the Contribution Plan.

In connection with the termination of the Retirement Plan, the Authority purchased annuities for the retired participants of the Retirement Plan in order to settle the Plan's obligations to these individuals. For active participants, the Authority made a "rollover" contribution into the Contribution Plan in an amount equal to each active participant's actuarially determined benefit under the Retirement Plan as of June 30, 1995.

Following the purchase of the annuities and the "rollover" contribution, there was approximately \$1,460,000 in Retirement Plan assets remaining as a result of the funded status of the Retirement Plan at the date of termination. The remaining funds will be used to reduce the Authority's future contributions to the Contribution Plan. In accordance with current accounting standards, the gain resulting from the termination of the Retirement Plan was deferred, and a regulatory liability (deferred pension credit) was established for the amount of the gain. The remaining assets of the Retirement Plan, which are being held pending future contributions to the Contribution Plan, are included in the Authority's restricted assets balance. For the years ended December 31, 2018 and 2017, investment gains and earnings on these restricted assets were approximately \$8,855 and \$6,031, respectively. These amounts will also be used to offset future contributions to the Contribution Plan. Accordingly, the investment gains and earnings have also been deferred and recorded as a regulatory liability.

NOTE I - BONDS PAYABLE

The following changes occurred in long-term debt:

	Balance January 1, 2017	Additions	Principal Retirements
BONDS PAYABLE			
Series of 2015	\$ 17,400,000	\$ -	\$ (655,000)
Series of 2014	35,690,000	-	(3,690,000)
Series of 2012	<u>25,495,000</u>	<u>-</u>	<u>-</u>
	<u>\$ 78,585,000</u>	<u>\$ -</u>	<u>\$ (4,345,000)</u>

Series of 2015 Bonds

On May 1, 2015, the Authority issued \$18,050,000 of Water Revenue Bonds, Series of 2015 (the "2015 Bonds"). The bond proceeds were used to:

1. Fund capital projects and improvements to existing water tanks,
2. Fund a deposit to the Debt Service Reserve Fund and
3. Pay the costs of issuing and insuring the 2015 Bonds.

Details of scheduled future annual maturities of the 2015 Bonds payable at December 31, 2018, are as follows:

Maturing November 1,	Interest Rate	Principal	Interest
2019	2.00%-4.00%	\$ 690,000	\$ 683,938
2020	2.25%	715,000	658,938
2021	2.00%-3.00%	730,000	642,850
2022	3.00%-5.00%	750,000	624,950
2023	3.00%-5.00%	770,000	602,450
2024 to 2028	5.00%-4.00%	4,380,000	2,496,750
2029 to 2033	4.00%-5.00%	5,485,000	1,384,050
2034 to 2035	4.00%-5.00%	<u>2,555,000</u>	<u>193,249</u>
		<u>\$ 16,075,000</u>	<u>\$ 7,287,175</u>

<u>Balance December 31, 2017</u>	<u>Additions</u>	<u>Principal Retirements</u>	<u>Balance December 31, 2018</u>	<u>Current Portion</u>
\$ 16,745,000	\$ -	\$ (670,000)	\$ 16,075,000	\$ 690,000
32,000,000	-	(3,845,000)	28,155,000	4,000,000
<u>25,495,000</u>	<u>-</u>	<u>-</u>	<u>25,495,000</u>	<u>-</u>
<u>\$ 74,240,000</u>	<u>\$ -</u>	<u>\$ (4,515,000)</u>	<u>\$ 69,725,000</u>	<u>\$ 4,690,000</u>

DECEMBER 31, 2018 AND 2017

NOTE I - BONDS PAYABLE (Continued)

Series of 2014 Bonds and Interest Rate Swap

On December 1, 2014, the Authority issued \$39,120,000 of Water Revenue Bonds, Series of 2014 (the "2014 Bonds"). The bond proceeds were used to:

1. Currently refund all the Authority's outstanding 2008 Water Revenue Bonds,
2. Fund a deposit to the Debt Service Reserve Fund and
3. Pay the costs of issuing and insuring the 2014 Bonds.

Details of scheduled future annual maturities of the 2014 Bonds payable at December 31, 2018, are as follows:

<u>Maturing November 1,</u>	<u>Interest Rate</u>	<u>Principal</u>	<u>Interest</u>
2019	3.50%	\$ 4,000,000	\$ 1,265,775
2020	3.50%	4,175,000	1,091,553
2021	3.50%	4,360,000	905,933
2022	3.50%	5,535,000	712,115
2023	3.50%	4,860,000	470,465
2024	3.50%	<u>5,225,000</u>	<u>243,745</u>
		<u>\$ 28,155,000</u>	<u>\$ 4,689,586</u>

Series of 2012 Bonds

On October 9, 2012, the Authority issued \$32,655,000 of Water Revenue Bonds, Series of 2012 (the "2012 Bonds"). The bond proceeds were used to:

1. Currently refund the Authority's Series of 2002 Water Revenue Bonds,
2. Fund a deposit to the Debt Service Reserve Fund and
3. Pay the costs of issuing and insuring the 2012 Bonds.

NORTH PENN WATER AUTHORITY
NOTES TO THE BASIC FINANCIAL STATEMENTS

NOTE J - DERIVATIVE INSTRUMENTS - INTEREST RATE HEDGE SWAP

GASB Statement No. 53

The Authority has adopted GASB Statement No. 53, *Accounting and Financial Reporting for Derivative Instruments*. This statement requires the Authority to record the derivative instrument in the government-wide financial statements.

In order to follow this statement, the Authority has to evaluate the derivative to determine if the financial instruments effectively hedge risks utilizing the methods defined under GASB Statement No. 53. The accounting for recording these derivative instruments is different for derivative instruments that are determined to be effective versus those that are determined to be ineffective.

For those derivative instruments that are determined to be effective, the derivative asset or liability is recorded in the statement of net position, and a corresponding deferred inflow or outflow will be recorded in the statement of net position as well. For those derivative instruments that are determined to be ineffective, the derivative asset or liability is recorded in the statement of net position; however, the change in fair value of the instrument will be reported in the investment revenue (expense) classification in the statement of revenues, expenses and changes in net position.

Hedge accounting under GASB Statement No. 53 terminates if the hedge is no longer effective based on the qualitative and quantitative methods. If the hedged asset or liability is sold or retired, or if the government entity is re-exposed to the hedged financial risk, hedge accounting will no longer apply. Once the hedge no longer qualifies for hedge accounting, the fair value changes are recorded as investment gain or loss.

NORTH PENN WATER AUTHORITY
NOTES TO THE BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017

NOTE J - DERIVATIVE INSTRUMENTS - INTEREST RATE HEDGE SWAP (Continued)

Interest Rate Hedge Swap

Interest Rate Hedge Swap, Series of 2014 - On December 18, 2001, the Authority entered into an interest rate swap agreement (the "2005 Bonds Swap") with Morgan Stanley Capital Services Inc. (the "Swap Provider"), having a future commencement date of November 1, 2005, to coincide with the redemption of the 1995 Bonds and the issuance of the 2005 Bonds and having a term ending on November 1, 2024, which was the final maturity date of the 2005 Bonds.

In connection with refunding the 2005 Bonds, the Authority had determined to reallocate the 2005 Bonds Swap to the 2008 Bonds; however, the Authority continued to be subject to the inherent risks associated with the 2005 Bonds Swap.

In connection with refunding the 2008 Bonds, the Authority has determined to reallocate the 2005 Bonds Swap to the 2014 Bonds; however, the Authority will continue to be subject to the inherent risks associated with the 2005 Bonds Swap.

The Authority has entered into the Swap for the purpose of creating a synthetic fixing of the interest rate obligation on a portion of the 2014 Bonds, subject to the inherent risks associated with the 2005 Bonds Swap, including a payment to the Swap Provider in the event the 2005 Bonds Swap is terminated early.

As of December 31, 2018, the Series of 2014 Interest Rate Hedge Swap was active as disclosed in the following paragraphs.

The Interest Rate Hedge Swap on the Series of 2014 Bonds became active on December 1, 2014, previously hedging the 2008 Bonds and 2005 Bonds. Under this agreement, the Authority will pay a fixed rate of interest equal to 4.165% under the 2005 Bonds Swap and receive in exchange a variable rate of interest equal to 67% of the USD-LIBOR-BBA, both on the initial notional amount of \$33,815,000, which will be reduced annually. The variable rate received by the Authority will be used by the Authority to offset the variable rate interest on its 2014 Bonds, thereby making the interest rate on the 2014 Bonds "synthetically" fixed on a "net basis" through the 2014 Swap.

NORTH PENN WATER AUTHORITY
NOTES TO THE BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017

NOTE J - DERIVATIVE INSTRUMENTS - INTEREST RATE HEDGE SWAP (Continued)

As of December 31, 2018, the counterparty was rated A+ by Standard & Poor's, A1 by Moody's Investors Service and A+ by Fitch Ratings.

The objectives, terms and values of the hedging derivative outstanding at the end of the period are summarized as follows:

<u>Type</u>	<u>Objective</u>	<u>Fair Market Value of Derivative at December 31, 2018</u> <u>Positive (Negative)</u>	<u>Notional Amount as of December 31, 2018</u>
2014 pay-fixed interest rate swap	Hedge changes in cash flows on Series of 2014 bonds	\$ (1,961,964)	\$ 21,530,000

The derivative instrument activity during the reporting period and balances at the end of the period are summarized below:

Change in Fair Value for the Period Ended December 31, 2018

	<u>Classification</u>	<u>Amount</u>
Cash flow hedges, 2014 pay-fixed interest rate swap	Deferred outflow	\$ <u>(800,145)</u>

Fair Value at December 31, 2018

	<u>Classification</u>	<u>Fair Value Positive (Negative)</u>	<u>Notional Amount</u>
Cash flow hedges, 2014 pay fixed interest rate swap	Debt	\$ <u>(1,961,964)</u>	\$ <u>21,530,000</u>

Fair Market Value Determination - The fair value of the interest rate swap was estimated using the zero-coupon method. This method calculates the future net settlement payments required by the swap, assuming that the current forward rates implied by the yield curve correctly anticipate future spot interest rates. These payments are then discounted using the spot rates implied by the current yield curve for hypothetical zero-coupon bonds due on the date of each future net settlement on the swap.

Bonds Outstanding at December 31, 2018	Effective Date	Termination Date	Terms
\$ <u>28,155,000</u>	December 1, 2014	November 1, 2024	Pay 4.165%; receive variable rate equal to 67% of USD-LIBOR

NORTH PENN WATER AUTHORITY
NOTES TO THE BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017

NOTE J - DERIVATIVE INSTRUMENTS - INTEREST RATE HEDGE SWAP (Continued)

Evaluation of Effectiveness and Recording of Derivative - The Authority evaluated the hedge effectiveness for the interest rate swap described previously under the methods as defined by GASB Statement No. 53. The interest rate swap for the Series of 2014 was determined to be effective under the dollar-offset method. Under the dollar-offset method, the governmental entity divides the changes in the fair value of the derivative by the changes in fair value of the hedgeable item. This evaluation may be made using changes in the current period or on a life-to-date basis. The result of the calculation must fall within 80% to 125% in order for the derivative to be considered effective.

The derivative described above was determined to be effective and the fair market value of the interest rate swap was a negative (\$1,961,964) as of December 31, 2018. Therefore, pursuant to GASB Statement No. 53, the instrument was recorded in the statement of net position as a deferred inflow and a corresponding asset was recorded.

Swap Payments and Associated Debt - As of December 31, 2018, debt service requirements of the Series of 2014 Bonds were as follows:

<u>Maturing November 1,</u>	<u>Interest Rate</u>	<u>Principal</u>	<u>Interest</u>
2019	3.50%	\$ 4,000,000	\$ 1,265,775
2020	3.50%	4,175,000	1,091,553
2021	3.50%	4,360,000	905,933
2022	3.50%	5,535,000	712,115
2023	3.50%	4,860,000	470,465
2024	3.50%	<u>5,225,000</u>	<u>243,745</u>
		<u>\$ 28,155,000</u>	<u>\$ 4,689,586</u>

Assumptions:

(1) Bond interest based on a rate of 3.50% as of December 31, 2018.

Risks Associated With Interest Rate Hedge Swaps

Credit Risk - As of December 31, 2018, the Authority is not exposed to credit risk since each of the interest rate hedge swaps have negative values and therefore are liabilities. However, should interest rates change and the net fair market value of the interest rate hedge swaps become positive, the Authority would be subject to credit risk in the amount of the net fair market value. As of December 31, 2018, the swap counterparty was rated A+ by Fitch Ratings, A+ by Standard & Poor's and A1 by Moody's Investor Service.

NORTH PENN WATER AUTHORITY
NOTES TO THE BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017

NOTE J - DERIVATIVE INSTRUMENTS - INTEREST RATE HEDGE SWAP (Continued)

Interest Rate Risk - As of December 31, 2018, the Authority is exposed to interest rate risk on its pay-fixed, receive-variable interest rate swap. As the LIBOR index decreases, the Authority's net payment on the swap increases.

Basis Risk - The Authority is exposed to basis risk on its pay-fixed interest rate swap hedging instruments because the variable-rate payments received by the Authority on these hedging derivative instruments are based on the LIBOR index, and the Authority pays on its hedged variable-rate debt a tax-exempt rate based on the weekly SIFMA Municipal Swap Index. If the relationship between the LIBOR and the variable rate on the associated bonds converge, then the overall synthetic fixed rate would change.

Termination Risk - The Authority or the counterparty may terminate the swap if the other party fails to perform under the terms of the contract. If, at the time of termination, the swap has a negative fair value, the Authority would be liable to the counterparty for a payment equal to the swap's fair value.

NOTE K - INVESTMENT IN FOREST PARK WATER

The Authority's investment in Forest Park Water ("Forest Park") represents amounts invested in a joint venture with North Wales Water Authority. The Authority and North Wales Water Authority (collectively, the "Authorities") originally entered into the venture to design, construct, own and operate a water treatment plant (the "Treatment Plant") to receive water diverted from the Delaware River via the Point Pleasant Water Diversion Project (the "Water Diversion Project") and to treat the water for transmission to retail public water agencies, including the Authorities.

During 2007, Forest Park completed a plant expansion, which increased capacity from 30 million gallons per day ("mpg") of treated water to 40 mpg. The Treatment Plant also includes a sludge handling facility and a dewatering facility. All costs incurred in constructing the Treatment Plant were shared equally by the Authorities.

The scope of the Forest Park joint venture also includes a share of the outstanding assets of Phase I of the Water Diversion Project from Bucks County, Pennsylvania, and contribution of certain of these assets to Forest Park. Forest Park is responsible for operating the Water Diversion Project, which supplies water to the Treatment Plant and to PECO Energy Company's (PECO) Limerick nuclear generating facility.

Forest Park will receive annual "capital contributions" from PECO related to the Water Diversion Project. The present value of these amounts has been recorded as a note receivable, which is being realized over 30 years, the period of the PECO capital contribution agreement. The interest portion of these capital contributions is recorded as nonoperating income.

NORTH PENN WATER AUTHORITY
NOTES TO THE BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017

NOTE K - INVESTMENT IN FOREST PARK WATER (Continued)

At December 31, 2018 and 2017, the Authority had capitalized \$90,113,208 and \$87,199,554, respectively, related to its investment in Forest Park, which consisted of the following amounts:

	<u>2018</u>	<u>2017</u>
Treatment Plant	\$ 72,319,487	\$ 68,868,622
Water Diversion Project	13,902,919	13,864,566
PECO Contract	<u>3,890,802</u>	<u>4,466,366</u>
	<u>90,113,208</u>	<u>87,199,554</u>
Accumulated depreciation	<u>(46,534,413)</u>	<u>(44,571,691)</u>
	<u>\$ 43,578,795</u>	<u>\$ 42,627,863</u>

The total cost of the project as of September 30, 2018 and 2017 (Forest Park's year-end) was \$164,985,607 and \$158,271,106, respectively. Depreciation of the plant facilities and Water Diversion Project assets has not been recognized as a component of the cost of water provided to the Authorities.

All costs incurred in constructing the Treatment Plant were shared by the Authorities. The fixed operating costs of the Treatment Plant are shared equally by the Authorities, while the variable operating costs of the Treatment Plant are shared based on the relative amounts of water used by each Authority. The operating costs of the Water Diversion Project are shared among PECO and the Authorities, based on the ratio of the Authorities' combined historical maximum daily utilization of the Project (water withdrawn in million gallons per day) to PECO's fixed daily utilization of 46 million gallons per day. As of December 31, 2018, the Authorities have reimbursed Forest Park for all of the operating costs incurred to date with respect to the Water Diversion Project, including PECO's share of operating costs. Accordingly, the Authority has recorded a receivable from PECO for amounts paid to Forest Park by the Authority on PECO's behalf.

SUPPLEMENTARY INFORMATION SECTION

NORTH PENN WATER AUTHORITY
SCHEDULE OF CORPORATE ENTITY
YEARS ENDED DECEMBER 31, 2018 AND 2017

The North Penn Water Authority was incorporated on August 10, 1964, under the Municipality Authorities Act of 1945, P.L. 382, as amended, of the Commonwealth of Pennsylvania.

The Authority was incorporated pursuant to actions taken by the municipal authorities of the Boroughs of Lansdale and Souderton and the Townships of Franconia, Hatfield, Lower Salford, Towamencin and Worcester and all of Montgomery County, Pennsylvania (the "Member Municipalities"). The Authority's purpose, as designated by the Member Municipalities, is to acquire, hold, construct, improve, interconnect, maintain, operate, own and lease (either in the capacity of lessor or lessee), water works, sources of water supply, water rights and allocations, water supply works and water distribution systems in the above-mentioned Member Municipalities or any of them, or anywhere else, and for such Member Municipalities or any of them and for such other territories as it may be authorized to serve. The Townships of Skippack and New Britain became members during 1986 and 1987, respectively. The Borough of Hatfield became a member during 1988.

The powers of the Authority are exercised by a Board comprised of ten members, one appointed by each of the governing bodies of the Member Municipalities (appointed for five-year terms). Members of the Board at December 31, 2018, were as follows:

<u>Member</u>	<u>Office Held</u>	<u>Appointed By</u>	<u>Term Expires December 31,</u>
George E. Witmayer	Member	Franconia Township	2020
William K. Dingman	Assistant Treasurer	Towamencin Township	2020
Paul D. Ziegler	Vice Chair	Worcester Township	2021
John S. Strobel	Chair	Hatfield Township	2021
Richard C. Mast	Member	Lower Salford Township	2022
Kenneth V. Farrall	Secretary	Hatfield Borough	2022
Jeffrey H. Simcox	Member	Lansdale Borough	2018
Helen Haun	Assistant Secretary	New Britain Township	2018
Marvin A. Anders	Treasurer	Souderton Borough	2019
Robert A. Fisher	Member	Skippack Township	2019
