

POLICY FOR RIGHT-TO-KNOW LAW REQUESTS

OVERVIEW

Certain Amendments to Pennsylvania's Right-to-Know Law, 65 P.S. § 667.101, et seq. (the "Act"), became effective on January 1, 2009. The following policy establishes the procedure by which the North Penn Water Authority ("Authority") will address requests made to it for records under the Right-to-Know Law as amended.

1. Appointment of Open Records Officer

a. The Board of the Authority hereby designates the Administration and Public Relations Manager as the Open-Records Officer to handle requests under the Act. The Open-Records Officer shall be responsible for:

1. Receiving requests under the Act,
2. Directing requests to others within the Authority for purposes of information-gathering
3. Tracking the Authority's progress in responding to requests, and
4. Issuing interim and final responses under the Act.

b. The Open-Records Officer, upon receiving a request for a record, as defined under the Act, shall:

1. Note the date of receipt of the written request,
2. Determine the day on which five business days shall pass from receipt of the request,
3. Maintain an electronic or paper copy of written requests, together with documentation submitted with the request, and
4. Create a file for retention of the request, the response, and other correspondence with the requester.

If a request is denied, the written request and its file will be maintained for at least thirty (30) days, but if an appeal is filed, the request and its file will be retained until a final determination is issued or the appeal is deemed denied.

2. Posting Requirements

a. The Authority shall post the following at the Authority office, and on the website:

1. Contact information for the Open-Records Officer (including location address, email address and telephone number).
 2. Contact information for the Pennsylvania Office of Open Records.
 3. A form which may be used for filing a request under the Act.
 4. Authority regulations, policies and procedures relating to the Act.
3. Requests for Records

a. Any request made to the Authority under the Right-to-Know law shall be in writing and shall meet the following procedural requirements:

1. Identify the requester by name.
2. Provide a return mailing address as well as a daytime telephone number.
3. Specifically identify the record or records requested.
4. State whether the requester is a legal resident of the United States or a Commonwealth, local, judicial or legislative agency.

Any failure to provide this information shall render the request administratively incomplete. The Authority shall not be required to respond to an administratively incomplete request.

“In writing,” as referred in subparagraph (a) above, includes written requests submitted in person, by mail, by e-mail or by facsimile. Requesters may submit requests under the Act on either the uniform form adopted by the Pennsylvania Office of Open Records, or under a form developed by the Authority and made available on the Authority website or at the Authority’s office.

b. Right-to-Know requests must be sent or delivered to the Authority by one of the following approved methods of transmission: (1) United States mail, (2) courier, (3) express delivery, (4) overnight delivery, (5) hand-delivery, (6) facsimile or (7) e-mail. No other form of transmission is permitted.

c. The Authority may accept verbal requests for records, but the requester will not be afforded the rights and remedies provided under the Act.

- d. Right-to-Know requests must be sent or delivered to:

North Penn Water Authority
300 Forty Foot Road
P.O. Box 1659
Lansdale, PA 19446
Attn: Open-Records Officer

e. Right-to-Know requests received by the Authority after the close of regular business hours shall be deemed to have been received by the Authority on the following regular business day. This shall include any facsimile or e-mail transmission received after regular business hours. The regular business hours of the Authority are 8:00 a.m. to 5:00 p.m.

1. Authority's Response to Request for Records – (Procedural)

a. A Right-to-Know request may be denied if it does not identify the records requested with sufficient specificity.

b. In conducting an initial review of a Right-to-Know request, the Open Records Officer may, but is not required to, contact the requester to obtain additional information to assist the Authority in responding to the request.

c. The Open Records Officer shall prepare a written response to a Right-to-Know request within five business days after receiving the request. A business day does not include Saturday, Sunday or a federal or State holiday. A business day also does not include any day when the Authority offices are closed pursuant to a decision by management, an unanticipated event such as a natural disaster, or at the direction of a local, State, or Federal agency or official. For purposes of determining the end of the five-business-day period, the day a Right-to-Know request is deemed received is not included in that determination. For example, if a Right-to-Know request is received on a Monday, the Authority's response is not due until the following Monday, assuming there is no intervening holiday or closure of the Authority offices.

d. If, in response to a request, the Authority produces a record that is not a record as defined under the Act, the Authority shall notify any third party that provided the record to the Authority, the person that is the subject of the record and the requester. Additionally, if a third party provided a record to the Authority and the record included a written statement signed by a representative of the third party that the record contained a trade secret or confidential proprietary information, the Authority shall notify the third party of a request for that record within five business days of receipt of the request for the record. The third party thereafter has five (5) business days from receipt of notification from the Authority to provide input on the release of the record. The Authority shall then deny or release the record within ten (10) business days of the provision of notice to the third party and shall notify the third party of its decision.

2. Authority's Response to Request for Records – (Substantive)

a. The Authority response shall consist of: (1) review of the request by the Open-Records Officer, (2) approval for access to the record review of the request by the Open-Records Officer, or (3) denial of access to the record requested. The Authority may also partially deny the request, permitting review of some, but not all, of the requested records.

b. If access to the public record is approved, all applicable fees shall be paid in order to receive access to the record requested. Thereafter, the public record shall be available for access from 8:00 a.m. to 5:00 p.m. The Open-Records Officer shall cooperate fully with the requester, while taking reasonable measures to protect the Authority's records from the possibility of theft and/or modification. This may apply where a record contains information which is subject to access as well as information which is not subject to access, in which case the Authority's response shall grant access to the information which is subject to access and deny access to the information which is not subject to access. If the information which is not subject to access is an integral part of the public record, and cannot be separated, the Authority shall redact from the record the information which is not subject to access, and grant access to the remainder of the record. The Authority shall not deny access to the record if the information which is not subject to access is able to be redacted.

c. A response that constitutes a full or partial denial of a request will include the following:

1. A description of the record requested.
2. The specific reasons for the denial, including a citation of supporting legal authority. If the denial is the result of a determination that the record requested is not a record under the Act, the specific reasons for the Authority's determination that the record is not under the Act shall be included.
3. The name, title, business address, business telephone and signature of the Authority Open-Records Officer on whose authority the denial is issued.
4. Date of the response.
5. The procedure to appeal the denial of access to the requested record.

d. If the Authority does not respond to the request within five (5) business days after a Right-to-Know request is docketed as having been received by the Authority, a Right-to-Know request shall be deemed to have been denied and the requester may file an appeal.

e. A public record that is not in the possession of the Authority but is in the possession of a party with whom the Authority has contracted to perform a governmental function on behalf of the Authority, and which directly relates to the governmental function and is not exempt under the Act, shall be considered a public record. A request for a record in

possession of such third party shall be submitted to the Authority Open-Records Officer, and upon a determination the record is subject to access under the Act, the Open-Records Officer shall assess a duplication fee as provided under the Act and, upon collection of the fee, remit the fee to the third party possessing the record if the third party duplicated the record.

f. Upon receipt of a written request for access, the Open-Records Officer shall determine whether one of the following applies:

1. The request for access requires redaction of a public record.
2. The request for access requires the retrieval of a record stored in a remote location.
3. A timely response to the request for access cannot be accompanied due to bona fide and specified staffing limitations.
4. A legal review is necessary to determine whether the record is a record subject to access under the act.
5. The requester has not complied with the Authority's policies regarding access to records.
6. The requester refuses to pay applicable fees authorized by this act, or
7. The extent/nature of the request precludes a response within the required time period.

In the event one of the above seven situations apply, the Open-Records Officer shall send written notice to the requester within five (5) business days of receipt of the request, and such notice shall include a statement notifying the requester that the request is being reviewed, the reason for the review, a reasonable date that a response is expected and an estimate of applicable fees owed when the record becomes available. If the expected response date is over thirty (30) days from the end of the five day period, the request shall be deemed denied unless the requester approves an extension in writing. In the event the requester approves the extension, the request is deemed denied on the agreed upon extension date if the Authority has not provided a response by that date.

g. In the event the estimated cost of fulfilling a request submitted under the Act is expected to exceed \$100.00, the Open-Records Officer shall obtain fifty percent (50%) of the expected cost in advance of fulfilling the request to avoid unwarranted expense of the Authority's resources. Unless prepayment is made by certified check, access will be denied until a regular check clears.

h. If the request is denied or deemed denied, the requester may file an appeal within fifteen (15) business days of the mailing date of the Authority's notice of denial, or within fifteen (15) business days of a deemed denial, with the Pennsylvania Office of Open Records. The appeal shall state the grounds upon which the requester asserts that the record is a record under

the Act, and shall address any grounds stated by the Authority for delaying or denying the request.

i. The Authority may deny a requester access to a record if the requester has made repeated requests for that same record, and these repeated requests have placed an unreasonable burden on the Authority. Nonetheless, such denial will not restrict the requesters' ability to request different records.

j. The Authority may also deny a requester access when timely access is not possible due to fire, flood or other disaster, or when access to historical, ancient or rare documents, records, archives and manuscripts may, in the professional judgment of the curator or custodian of records, cause physical damage or irreparable harm to the record. However, to the extent possible, the contents of these records shall be made accessible to a requester even if the record itself is physically unavailable.

4. Excluded Records

For purposes of this Section 4, the term "Agency" refers to "Agency" as defined under the Act. The following is a list of records which are exempt from access by a requester under the Act:
